

INCLUSION MARKETPLACE

OVERVIEW FOR BUYERS

The Inclusion Marketplace helps organizations diversify their procurement spend by connecting them to a one-stop online portal where they can access diverse suppliers in a variety of industries.

01

Register your organization in the Inclusion Marketplace as a buyer.

As you register, make sure your profile includes the most relevant and up to date information on your organization.

02

Post opportunities and events regularly.

When you're ready, post a contract, project, event or other opportunity online at the Marketplace. Suppliers will submit bids to these opportunities and as the buyer you will have the opportunity to review these proposals. The Greater Akron Chamber will also be working with buyers and suppliers to match them for these opportunities.

03

Share your feedback with us.

Periodically you will receive a brief survey from us inquiring about your experience utilizing this procurement tool. We encourage you to participate in these surveys as your feedback will allow us to continue to improve.
